Professional Experience:

Freelance Graphic Artist

- **UWTV Production** April 2006 to September 2009
Designed medical illustrations, 2D and 3D animations for television.
- **Design Laboratory Inc. / Microsoft** August 2008 to December 2008
Designed graphics, edited audio and prepared PowerPoint presentations for a web based learning application. Determined solutions to software problems and managed project elements.
- **AV Factory** October 2006
Prepared PowerPoint presentations and switched slides for live events.
- **Expedia Inc.** January 2007
Prepared PowerPoint presentations and created charts for an internal executive meeting.
- **Personify Design** Sept. 2005 to May 2006
Created graphic elements and applied CSS styles to HTML for Microsoft product websites and Pro Sports Club website.
- **KIRKTV Inc.** December 1999 to August 2010
Designed layouts, prepared images, and animations for commercial television and in-stadium graphics for Seahawk and Husky Football games.

Freelance Architectural Artist

- **Architectural Werks Inc.** April 2008 to November 2008
Created 3D models and architectural renderings of commercial building and master plan projects.
- **Becker Architects** February 2007 to September 2008
Created 3D models, architectural renderings, and presentation graphics for bid proposals and construction documents. Worked with the architect to problem solve architectural and drafting details.
- **Jim Goodboy** August 2006
Created a 3D model and architectural renderings of a residential project.

Sound / AV Technician / Event Supervisor

September 1994 to Present

- **First Presbyterian Church of Bellevue** – Set-up microphones, run the soundboard, and manage video projectors for live events. Additionally, I have also worked as facilities supervisor for events.

Graphic Artist / Floor Director

May 1998 to April 2006

- **UWTV** – Designed on-air graphics and animation, prepared PowerPoint presentations for video and created show opens. Also: set-up projectors and computers for lectures, operated a teleprompter and Chyron, and floor directed for productions.

Part-time Seamstress – Laurie's Custom Sewing

July 2010 to Present

Education:

- **Associates of Applied Science in Architectural Graphics** December 2007
Lake Washington Technical College
- **Associates of Applied Arts in 3D Computer Animation** March 1998
The Art Institute of Seattle
